RJGG (Chubu Centrair)

Easy to get slots and parking spots, good service availability

Slot Application: Slots can be applied for anytime, but their availability will be released at the end of each month for the next month's operations.

Parking Restriction: None, but aircraft may not be able to stay at the same spot from arrival through departure if it parks for a long period. Aircraft may be required to move to an overnight parking spot.

Operational Hours: 24hrs

CIQ Hours: 24hrs

Business Aviation Terminal: Available (Free of charge), but advanced coordination with CIQ is required.

RJNA (Nagoya Komaki)

A Nagoya-area airport closer to downtown than RJGG

Easy access to aircraft through a dedicated business jet terminal

RJNA is run by Aichi prefecture and is NOT an Airport of Entry. However, it is the first airport with a dedicated BJ Terminal in Japan. International arrivals/departures can be arranged. Located in the north, RJNA offers fast access from/to Nagoya (15~20 min by car). Aircraft parking is a short distance from/to the BJ terminal (70m/230ft).

Slot Application: No advance booking of slots is required. However, a parking spot should be reserved in advance. Parking spots for the next month can be secured from the first day of this month.

Parking Restriction: 6nights/7days

Operational Hours: 0700L – 2200L (2200Z – 1300Z)

CIQ Hours: Advanced coordination is required as CIQ is not regularly stationed here. CIQ officers come to the airport based on request. 3 days advanced notice is required.

Business Aviation Terminal: GA operations are required to use this facility. (14,940JPY per hour) CIQ is not available in the main terminal.

Permit application to use RJNA for international operations must be submitted 3 days prior to the operation date. A trip needs to be planned well in advance.
