If you have a chance to travel to Kagoshima, we highly recommend you use this brand new business aviation terminal!

JAPAN TRAVEL TIPS

JAPANESE TRAINS

Most of the country is covered by an extensive and reliable network of railways. Trains are a very convenient way for visitors to travel around Japan, especially using a Japan Rail Pass.

About 70% of Japan's railway network is operated by Japan Railways ("JR"). A Japan Rail Pass offers you unlimited travel on almost all JR trains nationwide, including bullet trains, limited express trains, local trains and some JR buses.

For those of you who like stamps, EKI STAMPS are stamps available at train stations featuring a unique design which relates to the districts that station belongs to. The stamps are available at most stations and they are collected by travelers as souvenirs or as a record of their travel. If you want to travel in Japan by train, consider buying a Japan Rail Pass and collecting Eki Stamps.

RECOMMENDED SIGHTSEEING SPOT AND NEAREST AIRPORT

Jigokudani Monkey Park

Jigokudani Monkey Park is a famous hot springs area in Nagano Prefecture. The name Jigokudani (meaning "Hell's Valley") comes from the steam of the hot spring gushing from the ground, which is surrounded by a steep cliff and dense forests.

Jigokudani is famous for its large population of wild Snow Monkeys who travel to the valley during the snowy winter season. At the park, you can see the monkeys coming from the steep cliffs and forest to take a bath in the hot springs.
