

We would like to introduce you about New Business Aviation Terminal at RJTT.
This terminal which opened on 30, September, 2014 is dedicated solely to private jet users

Name: Tokyo International Airport BUSINESS AVIATION GATE

Facility usage fee: 280,800JPY (including tax) per arrival OR per departure (If you use this facility on both arrival and departure, the charge will be 561,600 JPY total and please note that this charge is not included in our basic ground handling charge)

Reservation Required: This facility is a small private space and a reservation will be made on first-come first-served basis. Reservation application has to be submitted by 3 days prior to the date of operation. In case of an emergent business however, the reservation can be made 24 hours prior to the arrival time

VIP lounge: Available

Advantages to use BUSINESS AVIATION GATE:

- Fastest CIQ clearance guaranteed. (You can save time by 15 minutes comparing to going through the main terminal)
- Limousines can park right in front of the facility entrance so that passenger's privacy will be perfectly protected from the aircraft to the car.
- You will have the nearest parking spot for passenger deplane/boarding. It takes a few minutes from the spot to this facility (It takes about 15 minutes from other spots to the terminal) * This service starts in November, 2014.

Remarks:

Only private jet passengers can use this facility. (Flight crew has to go through the main terminal for CIQ clearance)

※Please note that English pamphlet is not available yet. We will send it to you when it is ready. Meanwhile, please see the attached map of the facility for your reference.
