## **LATEST TOPICS**

Father's Day is celebrated on the third Sunday of June every year to honor fathers and fatherhood in Japan.

Traditionally, Father's Day has not been a popular holiday compared to Mother's Day. This

is likely because Japanese fathers were often busy with work and couldn't spend time

with their families. However, an increasing number of Japanese people are now placing more importance on family and interactions with their children, including a new understanding of the role of fathers in Japanese society. Things are changing. More fathers are now able to take paternity leave to be with their new born babies. Because of these cultural trends, Father's Day is gaining more attention and recognition in Japan.

## **RECOMMENDED SIGHTSEEING SPOT**

### **Nagashima Resort**

Nagashima Resort is a very large amusement park and resort located in Kuwana, Mie Prefecture, Japan. The resort is built around several major attractions, including a water park, amusement park, outlet mall, hot springs, and a flower park.

The amusement park, Nagashima Spa Land, is known for its roller coasters, including the Steel Dragon 2000. It was the world's tallest, longest and fastest roller coaster when it was built in 2000. The height and speed record has since been broken by another roller coaster but it is still the longest roller coaster in the world. There are also many other rides and attractions for all ages.

Nagashima Resort Water Park is one of the largest water parks in Japan. It features many different pools, such as a raging stream pool, and water slides. There is also one of the world's largest water attractions called "Japaaaaan", which drops 6 tons of water from 18 meters high.

The resort's outlet mall, Mitsui Outlet Park Jazz Dream Nagashima, has over 200 stores selling a variety of fashion items, home goods, and electronics.
